

**SAMSON** is a dog we took in after he wasn't selected at an adoption event. It took a few tries to find him the perfect home but he is king of his castle now.

**RICO** lived at a shelter for 6 months where he was almost killed by another dog. We took him in, taught him some manners and found him a fantastic home in New Mexico.

**RICKY** was a stray who tried to climb into one of our car windows! With the help of a rescue shelter he now has a great home and family.

**SAVANNAH** was saved from a trip to the shelter; she had a broken leg and we nursed her back to health. One of our employees found a loving family for her with four kids.

**CHLOE** was saved from being sent back to a shelter when she wasn't selected at an adoption event. She now has a loving home in Michigan.

**RUDY** was taken in when his mom was diagnosed with cancer and was unable to care for him. Successfully found him a wonderful new home.

**CHARLIE** was a puppy found in a port-o-potty! He now has a loving home with one of our great employees.

**NOEL** was found on the road at Christmas, and kept until his family returned from a Florida vacation.

Found these two in an abandoned house. Kept them at the office for a few weeks while we had them spayed and found them a great home.

**ZEUSS** was taken in when his owner passed away. He now spends his days with a great, retired family camping and being the center of attention.
